ITEM!**

ITEM# 90.880

***Designed
for fast, efficient
grinding, while the slim
grip and light design
reduce fatigue.***

DESIGN:

Lightweight, ergonomic design with a two position side handle.

PERFORMANCE:

Powerful motor (120 Volts/1100 Watts) delivers 11,000 no-load RPM.

VERSATILITY:

Perfect for quickly removing large swaths of material as well as more intricate tasks.

SANDING SYSTEM:

Large spindle lock for quick wheel changes.

ADVANCED VENTILATION:

Directed air flow for extended motor life.
